

2026

Clean Energy and Climate Tech Events Calendar

Our mission is to combine **clean energy** and **climate** expertise with marketing, communications, and creative skill to empower our clients to offer innovative, low-carbon products and services that mitigate climate change.

ABOUT THIS CALENDAR

This calendar compiles details from a selection of more than 60 conferences, networking events, and exhibitions related to clean energy, sustainability, the energy transition, agriculture, and climate tech across the United States.

As you map out your marketing and communications strategy for 2026, we hope it will serve as a helpful resource in determining which events and activities — from speaking engagements to poster presentations to exhibitor booths — are best suited to your business goals.

Please note that all event information is accurate at the time of publishing but may be subject to change. Always confirm event details with organizers.

ABOUT DG+

DG+ is a marketing, creative, and communications agency dedicated to growing innovative brands that power the clean energy economy. By combining our full-service approach with deep knowledge of climate technologies, the energy transition, and clean power industries, we deliver compelling content that raises brand awareness and generates leads for clients working to better the planet.

Our team has experience working with developers, investors, equipment providers, environmental non-profits, international organizations, and more. We leverage a unique combination of industry expertise, creative skill, and strategy to provide unrivaled value to our clients. Services include marketing strategy, brand development, website design and development, campaign execution, communications, thought leadership, market research, and other marketing activities.

DG+ is a Certified B Corporation™, a member of the 1% for the Planet community, and Clean Creatives approved.

To learn more, visit us online at www.dgplusagency.com or contact us via email at hello@dgplusagency.com. We would love to hear from you!
